4. Sick Leave and Long Term Disability Plan

This is a brief summary that is not intended to cover all situations.

Sick Leave	Long Term Disability
<p>If you are unable to work due to accident or illness sick leave will pay you 100% of your regular salary.</p>	<p>The Long Term Disability Plan may apply after the later of:</p> <ul style="list-style-type: none"> • 90 calendar days • 60 working days • All accumulated sick leave has been used.
<p>Sick leave is accumulated at the rate of 16 hours for each month of employment to a maximum of 1,600 hours.</p>	<p>The percentage of salary paid after elimination period is:</p> <ul style="list-style-type: none"> • 66.67% of the first \$2,500 of monthly earnings • plus 45% of the remainder up to a maximum benefit of \$7,500.

*Please refer to your
Collective Agreement
for specific details on sick leave
with pay and the
Long Term Disability Plan.*

5. Retirement Plan

The LAPP is a defined benefit pension plan. This means your pension at retirement will be based on:

- Your length of pensionable service
- Your highest five-year average pensionable salary
- A legislated benefit rate

Summary of the LAPP retirement plan:

You need a minimum of two years of LAPP membership to qualify for a pension at retirement.
The maximum pensionable service you can accumulate is 35 years.
If you are at least 65 years old when you leave the Plan, you are entitled to receive an immediate pension even if you don't have two years of LAPP membership.
<p>The legislated benefit rate is:</p> <ul style="list-style-type: none"> • 1.4 per cent on your average highest pensionable salary up to the year's maximum pensionable earnings (YMPE) , multiplied by your years of pensionable service; and • 2 per cent on your average highest pensionable salary over the YMPE up to the maximum allowed under the federal <i>Income Tax Act</i>, multiplied by your years of pensionable service. <p>For example: Assuming your highest 5 year average salary is \$100,000 and the corresponding 5 year average YMPE is \$57,780, your annual pension benefit would be calculated as follows:</p> <p>$(\\$57,780 \times 1.4\% \times \text{Years of LAPP service}) + ((\\$100,000 - \\$ 57,780)) \times 2\% \times \text{Years of LAPP service}) = \text{your annual pension benefit before tax}$</p>

6. Benefit Booklets

Further information on benefit coverage is available on *Insite* in the *Sun Life Benefit Booklets*.
