

Scenario proposed for John Ware School in October 2016

- Home area students remain at the school
- Students from Woodlands and Woodbine are added to the school community

The response we received about this proposal expresses a concern that John Ware School might be overcrowded with the addition of these students. In order to be responsive to what we heard, we want to get your feedback on two options that are modifications to the original scenario.

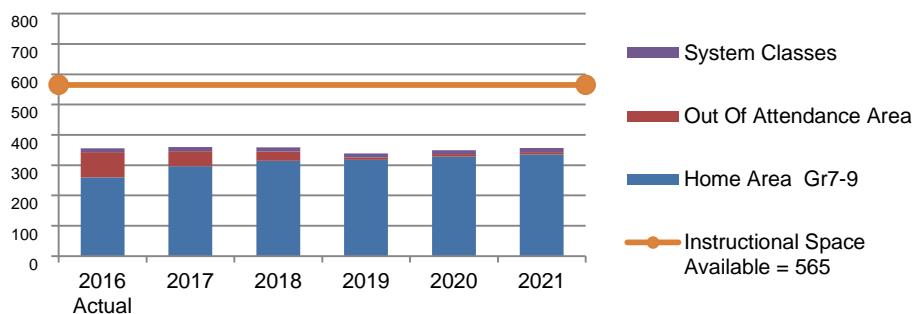

Option 1

- Option area where Woodlands and Woodbine students have the opportunity to attend John Ware or Harold Panabaker.
- If either school cannot accommodate the number of students who register, a lottery would be held and students not accepted at that school would attend the other school.

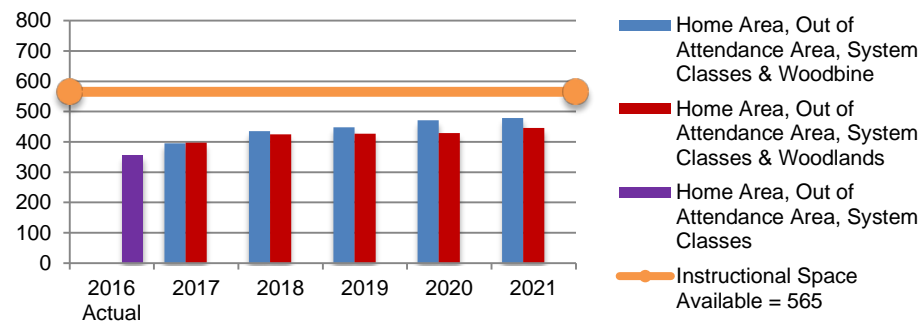

Option 2

- One community designated to Harold Panabaker and one community designated to John Ware School.

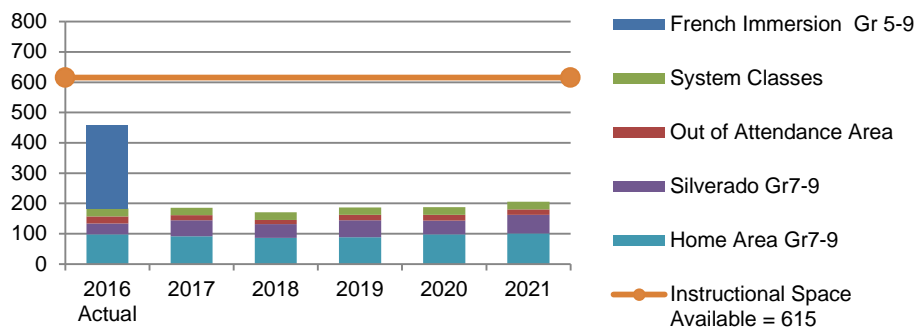

John Ware Option 1 Projection: 2017-2021

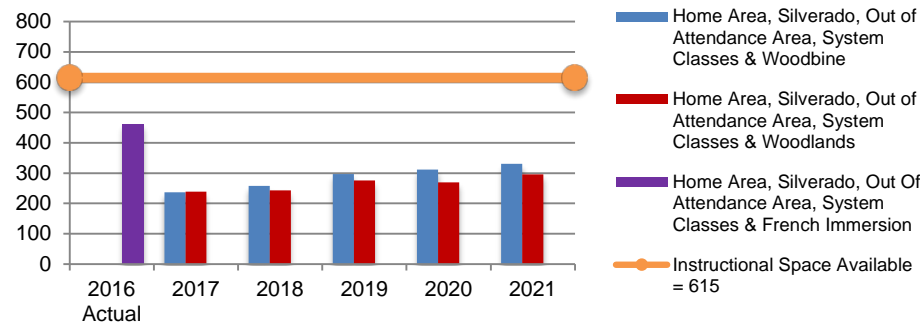

John Ware Option 2 Projection: 2017-2021

Harold Panabaker Option 1 Projection: 2017-2021

Harold Panabaker Option 2 Projection: 2017-2021

Note: Mandarin (Chinese) Bilingual Program at Harold Panabaker would be approximately 150 students by 2021.

Note: Mandarin (Chinese) Bilingual Program at Harold Panabaker would be approximately 150 students by 2021.

Note: 2016 enrolment at Harold Panabaker includes French Immersion students
