Other comments included:

- Kind of shutting down on asking questions about the system and use of funds.
- I believe we need more open discussion about how things work and explanations.
- The budget discussion was very confusing and I felt questions not clearly answered. Most memorable questions: "So are you saying there is a reserve fund for the 80M Shortfall?" After the Trustee statement – A principal goes to Area Directors to ask for more money.
- I enjoyed this meeting and found it very helpful. Good information.
- Please send MLA Link
- Thank you for taking the time to give us access to your team.
- Thank you for the ASCA presentation and the opportunity to discuss school council with my tablemates and a Trustee.
- CBE should get a discounted price of membership and enroll all schools to ASCA. (for the bulk price negotiate WIN/WIN)

- Need more time for discussion and Q & A's.
- More time please!
- Great info Thanks!
- Thank you
- Good
- Enjoyed ASCA presentation and think it would be beneficial to have them present again in the future. Thank you
- Always do
- Thank you
- My first meeting – very informative
- It's unfortunate that the slide was out of service. I think people feel more free to express their questions through that platform.
- Discussing question was poorly worded. We talked about relationships with principals, then were verbally asked about what issues we are facing.
- Parent engagement.
