4. Any other comments you would like to share?

I really liked the virtual meeting. I would almost prefer a virtual meeting in the winter months even during non-Covid times.

I would appreciate the Board preparing a summary of the Q&A into a single document; during the call we jumped between topics and revisited topics multiple times, and it would be more efficient for a summary to be done by the meeting organisers once rather than individual Key Communicators each doing it themselves.

I appreciated the opportunity to view the meeting in the link provided following the meeting. However, I was unable to connect successfully to participate in real time.
