

Calgary & Area

February 2017

Dear Parents/Guardians,

School Maker Faire is coming to Calgary on May 10, 2017. What is School Maker Faire? It is a school age gathering of tech enthusiasts, crafters, educators, tinkerers, hobbyists, engineers, science clubs, authors, artists, and students. All of these “makers” come to School Maker Faire to show what they have made, or are making, and share what they have learned. It’s a chance for students to show others an area they are really interested in. It can be anything from art to robots, exploding volcanoes to doll dresses. If you can make it with your hands and it’s something original, then it fits into School Maker Faire.

I am pleased to advise you that your child has been invited to be a participant. If this is something that you support your child in doing, please register online through the following school.makerfairecalgary.ca. Once registered, we will begin communicating with you about dates and deadlines for participants.

If you have any further questions please email us at school@makerfairecalgary.com

We are excited for your child to show their making!

See you at School Maker Faire!
