Sir John A. MacDonald School students build math-based escape rooms

For Immediate Release

CALGARY — Students at Sir John A. MacDonald School are getting creative and exploring mathematics, puzzles and problem solving to build math-based escape rooms at their school this week.

Students are working with [Mobile Escape Rooms](#) on the planning, design, testing and construction of three different escape rooms. Grade 7, 8 and 9 students have been involved in the project, supported by a [Classroom Improvement Fund](#) grant and local businesses.

Media are invited to interview students about their projects and film the last day of construction before the escape rooms are open for parents and students to explore.

Event Details

Date: Thursday, Mar. 8, 2018

Time: 1 - 1:45 p.m.

Place: Sir John A. MacDonald School, 6600 4 St. N.W., Calgary AB

-30-

Note | Principals have a responsibility to limit media coverage only to students approved for interviews. Reporters attending an event are requested to receive permission from a CBE contact before interviewing or photographing students. Thank you for your cooperation in this matter, and for joining us in celebrating public education.
