Frequently Asked Questions

Why is consent required?

The sharing of student personal information in ways that identify the student is governed by the Freedom of Information and Protection of Privacy Act (FOIP) and requires The Calgary Board of Education (CBE) to obtain permission under certain circumstances. CBE requires parental or independent student consent for CBE staff to share student information for educational purposes, outside of CBE. Examples of this include posting student work or images on CBE websites, Facebook or other social media. This consent is provided on the “Consent for CBE Use of Student Information” form.

CBE also requires parental or independent student consent to allow third parties (such as media or business partners) to photograph, video or interview students at CBE non-public events. This consent is provided on this form.

How long is my consent valid for?

Parental or independent student consent is gathered annually and is valid for the current school year only.

What happens if I change my mind regarding consent?

Parent or independent student consent can be withdrawn at any time during the school year. This must be done in writing to the school principal. Please keep in mind that once personal information, images or student work are released in any public forum, CBE cannot control or prevent further distribution or use of the material.

Parents or independent students can also change their mind to provide consent during the school year. If you change your mind and wish to provide consent during the school year, it must be done in writing to the school principal.

What happens when the media comes to school?

If your child has consent, they may be recorded by the media. If you have not provided consent, your child will not be allowed to be recorded or approached by the media on CBE property.
