

Is Spanish Bilingual the right choice for my child?

Benefits of learning Spanish Bilingual:

- Research suggests there are intellectual benefits to learning a second language.
- Learning another language can enhance self esteem.
- It strengthens English literacy skills.
- It is a gateway to international opportunities.
- It celebrates and integrates Spanish and Canadian cultural traditions.

The Spanish Bilingual Program provides students with the opportunity to acquire the skills for listening, speaking, reading, and writing in both English and Spanish beginning at a young age. Spanish and English are used as the languages of instruction. The school receives the designation of International Spanish Academy by the Ministry of Education of Spain.

Your child can start in kindergarten or grade 1. Alternate entry points may be possible in consultation with school administration.
