Update | Prairie Sky School Construction Progress

Dear Parents/Guardians,

We know you are waiting for news about when Prairie Sky School will be open. Construction of the school by Alberta Infrastructure is continuing, but we still don't know when the school will be ready to welcome students.

While we don't yet have an opening date, we want to share a construction update with you. A lot of work has been completed since we last communicated with you in October. In the most recent Construction Project Status Report that was shared with the Board of Trustees on Oct. 11, the school's construction was estimated to be 80 per cent complete. Our team was on site this week and reported that construction crews were working hard on the main gymnasium, the auxiliary gym, the learning commons, and a variety of classrooms. We have attached a few pictures on the next page.

The process of opening doesn't end once the keys are handed over from Alberta Infrastructure to the CBE. It normally takes over one month to prepare a school this size to welcome students. During this time, desks and furniture are unpacked and placed, thousands of books, musical instruments and other learning resources are unboxed and organized. In addition to those learning necessities, we must install wireless access points, assemble equipment, stock office supplies and the many other items required in a kindergarten to Grade 9 school. Finally, thorough cleaning is conducted to ensure the school loses any remaining construction dust and dirt and is ready to shine and welcome students on opening day.

We understand that the delay in Prairie Sky School's opening is inconvenient for many of you. CBE is working closely with Alberta Infrastructure to support the construction process to ensure the school is complete and opens as soon as possible.

We will provide another update on the school's construction before winter break. You will be informed sooner should there be any changes or an update on the school's opening date. If you have questions or require additional information, please contact the Area 4 office at 403-777-6233 (extension 0) or Area4@cbe.ab.ca.

Thank you for your understanding and patience during this process.

Sincerely,

L. Nachtigal
