

Update | Renovations at Jack James High School

May 15, 2024

Dear Louise Dean Centre Students, Parents/Guardians and Staff,

We are writing to provide an update on the renovations occurring at Jack James High School to welcome the Louise Dean Centre to the building.

Due to unforeseen circumstances, the construction is currently about two months behind schedule. This will delay our ability to make the move to Jack James High School for the beginning of the 2024-25 school year.

At this time, the contingency plan will be to begin the next school year in our current location in Kensington. We will move over to Jack James High School together later in the fall once the renovations are complete. We will determine the exact timing of the move in September, once we have a better idea of when things will be ready for students and their children.

We know this news is disappointing; please know crews will be working hard to complete our new spaces as quickly as possible. Students will continue to be supported throughout the process to help ensure a smooth transition.

If you have any questions or concerns, please contact the school at 403-777-7630.

Thank you for your on-going support through this school year as we complete this work to support enhanced access for both Louise Dean and Jack James students.

Sincerely,

Tania Brown
Principal, Louise Dean Centre

Lisa Nachtigal
Education Director, Area 4
