Future Use of Sir James Lougheed School

The Board of Trustees approved the closure of the All Boys Program at Sir James Lougheed School effective June 30, 2025. The CBE is considering all potential future uses for the school, although it is expected to continue to be used for student learning. Interim uses for the building may be considered until the building is ready for reoccupation as a school location.

In determining the best use of this school, the CBE must consider a variety of factors including the utilization rates and enrolment at other schools in the area. It's important that we make a decision that best supports student learning for the CBE as a whole. This review and analysis are underway.

When more information is available, we will share it with the CBE community.
