French Immersion/Spanish Bilingual Programs at Westgate School

Date: October 9, 2014

Westgate School currently accommodates French Immersion and Spanish Bilingual Programs.

Modular Classrooms Announced

As part of the CBE's interim Capital Plan, modular units were requested for Westgate School. On September 23, 2014 the Province announced the funding approval for up to 8 modular units to be installed at the Westgate School to accommodate the increased number of students in these programs.

The CBE is planning to have these units installed for the opening of the 2015-16 school year.

Looking Ahead

As more information becomes available, Calgary Board of Education Administration will review grade configuration possibilities for French Immersion and Spanish Bilingual at both Westgate and Bishop Pinkham Schools. Spanish Bilingual students may be designated to A.E. Cross School in the future.

Yours truly,

Calvin Davies
