Administrative Regulation 3002 - Class Size

Table of Contents

Preamble	
Role of the principal	1
Priority	2
Provincial requirements	3

Preamble The Board recognizes the significance of class size in the teaching/learning process. The Board expects that principals and teachers will be sensitive to the needs of students, the attitudes of parents, the requirements of Alberta Education, and the district when they establish class sizes.

Role of the principal 1 The principal shall be responsible for class sizes in the school.

Priority 2 Kindergarten and Grade 1 classes should be given priority when establishing smaller classes. The suggested class size for these classes, when possible, is twenty students per class.

Provincial requirements 3 Principals are required to comply with all provincial education regulations in regard to class size.
