

Campus Calgary / Open Minds 2024-2025 Information

It's time to be thinking about plans for the 2024-2025 school year. Please see page 2 for information specific to the 2024-25 school year. See page 5 for information specific to the funding model.

What is Campus Calgary / Open Minds? How can it benefit you and your students?

Campus Calgary / Open Minds provides Calgary teachers the opportunity to work with a vibrant community site for 5 days of innovative learning. Teachers design and implement a long-term, interdisciplinary study that uses the week with a site as a catalyst for learning. Curriculum expectations can be met through meaningful connections to the real world, hands-on experiences, and connecting with community experts. This heavily subsidized program (actual costs range from \$5000-\$8000/week) is funded by community and business partners, the Calgary Board of Education, and the Calgary Catholic School District. **The cost for the week is \$1250 per week**, including bussing. Independent Schools cost is \$1500 per week, including bussing.

How do teachers apply?

Any Calgary teacher can apply. **Application deadline is Wednesday May 8, 2024.** Applications will share who you and your students are and how 5 days with a CC/OM site will influence you and your students' learning and year's work. Selections are not made on a first come first serve basis. For teachers new to Campus Calgary / Open Minds, further information will be shared, questions answered, and application requirements explained at the information sessions listed below.

Information Session for teachers wanting to learn more about Campus Calgary / Open Minds

Date: Friday February 16 at 9:00 a.m., at Teacher's Convention. See <https://www.cctca.com/> to register.

Date: Wednesday April 10. In-person at the City Hall School classroom – Municipal Building (800 Macleod Trail SE). Time 4:30 – 7:30 p.m. [RSVP here for April's session.](#) by Thursday April 4. (Light supper provided and doors open at 4:00 p.m.)

"My learning has changed – I feel that I am really experiencing it rather than just reading about it."
~ Student

Application includes a completed Google form (found on CC/OM website) and an Application Supporting Document.

In the Application Supporting Document you will share the following:

1. What is your **Big Idea or Question or Provocation** and how do you see this influencing your year's work?
2. What do you **hope and/or want** students to come to understand as part of this Campus Calgary / Open Minds experience?
3. Campus Calgary / Open Minds is just as much for teachers as it is for students. With that in mind, what do **you** want to come to understand as part of this CC/OM experience?
4. **Why this site?** How do you anticipate this site supporting your big question/idea/provocation and your students' year long learning?
5. Tell us about your **students and school community**.

“I see my community’s story differently now. My story has also changed because of what I know.”
~ Student
