CBE celebrates launch of Career and Technology Centre at Lord Shaughnessy High School

CALGARY—Students and staff at the Career and Technology Centre (CTC) at Lord Shaughnessy High School are ready to celebrate the launch of their state-of-the-art facility on Tuesday, May 7 at 8:30 a.m.

This year the CBE is proud to combine its annual Better Together partnership breakfast with the CTC Launch, as they both celebrate and recognize the importance of partnerships in student learning.

Media are invited to the celebration, which will include tours of the brand new broadcasting suite, the pre-engineering lab and the industry-grade kitchen.

The CTC is designed to provide CBE high school students with a wide range of program options. CTC students gain hands-on experience in high-demand fields such as cosmetology, pre-engineering, fabrication/welding, natural resources, cooking, while attending their home high schools for core subjects.

Students are taught by qualified journeyman instructors and experts who help connect learning to real-world experiences.

The CTC is another way the CBE personalizes learning to help students understand who they are as learners, realize their passions and gifts and effectively prepare them for life, work and continued learning.

Date	Tuesday, May 7, 2013
Time	8:30 a.m. Media Tour of broadcasting suite, pre-engineering lab and kitchen (media will have 10 minutes in each suite) 9 a.m. Formal Program begins
Place	Career and Technology Centre at Lord Shaughnessy High School 2336 – 53 Avenue, S.W.

All students involved in the media tour at the CTC Launch will have the appropriate media consent forms signed and will be available for interviews, photos and video opportunities. This event will offer great visuals.

For more information about the CTC, visit their [website](#).
