

Aspen Woods/Strathcona Park (West of 69 St.)

update

November 27, 2015

Background

The opening of Dr. Roberta Bondar School provides an opportunity to review the school designations for K-GR9 students living in the communities of Aspen Woods and Strathcona Park, West of 69 Street.

Working with Stakeholders

CBE Administration has been engaged with community stakeholders and, on November 25, consulted with parents regarding two K-GR9 accommodation concepts:

Scenario 1

K-GR4 Dr. Roberta Bondar School
GR5-6 Olympic Heights School
GR7-9 Vincent Massey School

Scenario 2

K-GR6 Dr. Roberta Bondar School
GR7-9 Vincent Massey School

Parent feedback will have a direct impact on the accommodation scenario implemented.

Moving Forward

It is important to hear many voices when making accommodation decisions. As such, the presentation materials from the November 25 meeting are available on the Olympic Heights, Wildwood, Jennie Elliott and Vincent Massey school websites. You may also check the following link to the project website for Dr. Roberta Bondar School <http://www.cbe.ab.ca/schools/building-and-modernizing-schools/Pages/aspen-woods-school.aspx>.

Feedback is always welcome and you are invited to share your thoughts using our Open House feedback survey at www.surveymonkey.com/s/CBEOpenHouse or by sending an email to yourvoice@cbe.ab.ca. The survey and Yourvoice will be open for your feedback until December 15, 2015.

Decision Making

Feedback will be gathered, incorporated into the final decision and shared with the community through the four schools and the building and modernization project page <http://www.cbe.ab.ca/schools/building-and-modernizing-schools/Pages/default.aspx> by winter break, 2015.
