Q3: After viewing the walk zone for your community, what questions do you still have regarding the designated zone?

Are you serious??? We are lucky, we have a 2 min walk... but kids living in the far corners of the so called "walk zone" have an hour walk. Whatever happened to the safety of our children?

Q4: Is there anything else we need to consider regarding walk zones as we move forward?

The dynamics of the neighbourhood you are looking at. 90% of people are renters, so they don't shovel their walks. We dodge bullets on a weekly basis in this area. Think of safety first! not some silly budget a suit made up. Lets see the mucky mucks take the walk... all of them, the old fats ones too... then they can justify saying it is reasonable.

Q3: After viewing the walk zone for your community, what questions do you still have regarding the designated zone?

We are living Martindale,NE,Calgary and my daughter is studying at grade 9 in Alice Jamieson Girls Academy/Stanley Jones.She wanted to get admission in Nalson Mandela High School which is 10 minutes walking zone.So we do not have an idea about the process of getting admission.We are worried about.Please help in clarifying it.

Q4: Is there anything else we need to consider regarding walk zones as we move forward?

My concern is opening the school entrance gate from the side of Martindale as well so that student do not have to walk all the way to Saddletowne which saves at least another 10 minutes walking time.
