2. A message will display requesting the use of the Parent(s)/Guardian(s) computer's microphone and camera. Click on **Allow** to permit Microsoft Teams to use the computer's microphone and camera.

Removed from the Online Meeting

If at any time the "You've been removed from this meeting" message displays, confirm that the conference time is accurate and if so, rejoin. (The teacher may remove someone who has joined too early).

Note: When the conference starts, ensure that the device's volume is on and that the speakers are unmuted in order to hear the teacher.

CBE staff as a parent and the Teams Meeting

If the Parent/Guardian is a CBE employee, the CBE email is used to join the meeting at the conference start time. No need to wait in the lobby. The teacher may need to remove you if the conference before yours is not finished. Confirm if the conference time is correct, rejoin after waiting a minute. The teacher most likely needed to complete the conference before yours.

Leaving the Online Meeting

When the conference ends, leave the meeting by pressing on the red phone symbol.

Connecting by phone

The connection is only available by using the phone number and conference ID provided from the confirmation email.

The teacher will enable the conference according to the schedule.
